

These four new finishes are available in a selection of our Jay Scott's fiberglass planter line up, limited to an assortment of rectangles and squares. Please refer to our price list for detailed information on this. And while our typical lead time to get all our planters ready to ship is two weeks, please allow one to two additional weeks for the StoneLight and Rust finishes.

Jay Scott's Fiberglass Planter Features

- ✓ Suitable for placement outdoors year-round in our Canadian climate.
- ✓ Hidden ¼" feet under each planter allows for water drainage, necessary to prevent damage from freezing.
- ✓ Low maintenance. Simply wipe with a damp cloth.
- ✓ Relatively lightweight making installation easy.
- ✓ 20 colour palette plus 4 STONELIGHT PROTONE finishes to select from. Custom colours available with surcharge. All with UV protection.
- ✓ Large selection to choose from.
- ✓ Shipped in protective corrugate packaging.
- ✓ Available for shipping to any point in Canada.
